MD. SHIMUL MIA

Full Stack Web Developer

Dhaka, Bangladesh | +880 1922773703 | md.shimuldiu@gmail.com

LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full Stack Web Developer and final-year Computer Science & Engineering student with hands-on experience building responsive web applications using React, Next.js, Node.js, Express.js, and MongoDB/PostgreSQL. Experienced in converting Figma designs into pixel-accurate, reusable-component UIs and in building secure REST APIs. Also engaged in NLP research on transformer models, and have solved 550+ algorithmic problems. Seeking an entry-level Full Stack / Software Developer role.

TECHNICAL SKILLS

Languages: C, C++, JavaScript (ES6+), TypeScript, Python
Frontend: React.js, Next.js (App Router), Redux Toolkit, React Router, Tailwind CSS, HTML5, CSS3, Axios
Backend & Databases: Node.js, Express.js, REST APIs, MongoDB (Mongoose), PostgreSQL, MySQL
Auth & Security: JWT, Passport.js, bcrypt, Helmet, express-rate-limit
Tools & Deployment: Git, GitHub, Postman, Firebase Hosting, Figma (design-to-code)
Core Concepts: Data Structures & Algorithms, OOP, Responsive Design, Reusable Component Architecture
AI/ML (academic): Hugging Face Transformers, LoRA fine-tuning, text classification

PROJECTS

Shimul Shop – Full Stack E-Commerce Platform *In Development*

Live | Code

React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT

- Built a full-stack e-commerce system with JWT authentication, product catalog, cart, wishlist, and order management, plus an admin panel for managing products, categories, orders, and users.
- Implemented checkout and product reviews with bKash, Nagad, and Cash on Delivery payment options.
- Developed scalable REST APIs using Express.js, MongoDB, and Mongoose.

Khwaja Mozammel Hoque Foundation (KMRF) – Foundation Management System *Ongoing*

Live | Code

Next.js, TypeScript, Tailwind CSS, Node.js, Express.js, PostgreSQL, Firebase

- Built a responsive foundation website and management system using Next.js and TypeScript.
- Developed REST APIs with Express.js and PostgreSQL for data management.

ByteSpace – Landing Page (Figma to Code)

Code

Next.js (App Router), TypeScript, Tailwind CSS v4

- Converted a Figma design into a responsive landing page with reusable section components (Navbar, Hero, Testimonials, Call to Action, Footer) and a Register page.
- Followed a professional Git workflow using a feature branch and Pull Request.

Personal Portfolio Website

Live | Code

React.js, React Router, Tailwind CSS 4, Font Awesome, Typed.js

- Built a multi-page responsive portfolio (Home, About, Skills, Projects, Blog, Contact) with an animated typing intro.
- Integrated a contact form that delivers messages directly to email, and a resume preview with download option.

ACADEMIC RESEARCH / THESIS

Explainable Multi-Class Mental Health Text Classification Using Transformer and Large Language Models *Final-Year Thesis*

Team of 5 | Supervisor: Kazi Farhan Hasan Tanjim, Lecturer, Dept. of CSE, DIU

- Working on a 4-class text classification task (Anxiety, Depression, Normal, Suicidal) using a cleaned dataset of 197,046 records with a stratified 70/15/15 split.
- Benchmarking 13 transformer and LLM models (including MentalRoBERTa, DeBERTa-v3, ETTIN-Encoder, ModernBERT, Llama-3.1-8B, Qwen-2.5, Gemma-2), fine-tuned with LoRA and 4-bit quantization on Google Colab.
- ETTIN-Encoder-1B (LoRA) is the best-performing model so far; next phase covers ensemble methods and explainability techniques (LIME, Integrated Gradients).

VOLUNTEER EXPERIENCE

Web Developer (Volunteer) – Khwaja Mozammel Hoque Foundation (KMRF) *Ongoing*

- Rebuilt the foundation's website with a full devotee management system, including registration, an admin panel, and application tracking.
- Contributed technical skills pro bono to strengthen the foundation's digital presence and outreach.

EDUCATION

Dhaka International University, Dhaka, Bangladesh *2022 – 2026*
B.Sc. in Computer Science and Engineering | CGPA: 3.60 / 4.00

Govt. Bangabandhu College, Mymensingh, Bangladesh *2019 – 2021*
Higher Secondary Certificate (Science) | GPA: 4.83 / 5.00

TRAINING & ASSESSMENTS

- **Ostad – MERN Stack Development Course:** Completed responsive Figma-to-HTML assignments using HTML, CSS, and Tailwind CSS (Assignment 2, Assignment 3).
- **Doin Tech Limited – Frontend Assessment:** Selected for the Jr. Software Engineer (Frontend) technical assessment; delivered the ByteSpace landing page.

ACHIEVEMENTS

- Solved **550+** algorithmic problems across competitive programming platforms.
  - LeetCode: 235+ problems
  - Beecrowd: 110+ problems

LANGUAGES

Bangla (Native), English (Professional Working Proficiency)
